FREE TRADE IS DEAD!

CLEVELAND IS WRACKED.

PROTECTION TO AMERICAN INDUSTRIES GUARANTEED.

NEW YORK SETTLES IT.

Old headlines are rising to-day from the hearts of all the patriotic people of this country. Benjamin Harrison is the next President of the United States and the protective system is safe!

The Solid South committed free trade down the throats of the Democratic party, but it could not compel the people of the country to swallow the unwholesome dish.

They landed the volumes of the country and the people resented it!

They attacked the industries of the country and the workmen turned upon them and repudiated them.

New York gave Harrison and Morrie a majority of 10,000. Hill is elected Governor by 20,000, thus making 20,000 electors of Cleveland. Grant is elected Mayor of New York city by nearly 40,000 plurality. Cleveland's majority in New York city was about 27,000.

The New York Evening Sun commends on the State of New York by 10,000 majority, and says the latest dispatches indicate the election of Harrison beyond a doubt.

Indian and Connecticut are both very close, but the Evening Sun, Democratic, gives to the following showing some convincing facts.

This is the American Bird that has torn all the feathers out of the Democratic parrot which cried "The Tariff is a Tax."

MORRIS COUNTY SHEEP'S ALL RIGHT! Harrison's Majority - 253 Beckwith's - 78 Mott's - 349 Morris's - 318 Meeker's - 172

The Republicans of Morris County never made a more gallant fight than they did on Tuesday, because everything in the way of odds was against them.

The townships of Randolph, Roxbury, Mt. Olive, Piquan, Roxbury and Roxbury, in particular did magnificently, and every effort of the boobyism is by them.

In the Second Assembly District a desperate effort was made to elect Wm. Gill and he was backed as a man who never backed before.

On Tuesday the vote in this State was not as close as it has been in the past. The official returns received from all the counties show a total of 10,000.
