The old manse was narrowly es-
avoed from the fate of the Ward-
ester mansion by a last-minute
sight. A movement of the fireman
that saved the old manse was in
response to a call from a neighbor
who saw the flames. The fireman
on the scene acted quickly and
was able to keep the flames from
spreading to the neighboring
buildings.

The cellar and attic were properly
ventilated and had proper escape
stairs. The entrance to the house
was a door at either end giving
easy access to the rooms and the
cellar. A pantry and three
bedrooms were located on the
first floor. The second floor
had a wide, roomy, inviting porch
which provided a view of the
surrounding countryside. The
radiator was connected to the
kitchen and the attic had a
spacious attic with a door to the
outside.

The old manse was built on a hill
and the view from the second
floor window was breathtaking.

The State Board of Health had re-
viewed the plans for the new build-
ing and had approved them. The
building was said to be the most
modern in the community and
would be a great improvement.

The old manse had an attraction
and charm that was not found in
the other buildings. It was a
place of refuge and a comfort for
those who lived there. It was a
place where one could find peace
and quiet. It was a place where
one could imagine that life was
simple.

The old manse was a symbol of
the past and a reminder of the
greatness of the people who lived
there. It was a place where one
could imagine that life was
simple.

These 25 items are yours at cost, plus delivery, to make the introduction worth while

Every year there are hundreds—aye, even thousands—of newcomers to Rockaway and this vicinity. Sooner or later they will hear about McManus Bros. Sometimes they hear of this store even before they arrive. It's to them, and of course, our old friends, too, that we make this offer that they may know McManus Bros. and what this store means to anyone buying furniture.

It really is important that you know McManus Bros. Important both to you and to us, but particularly to you, to whom all furniture stores may look alike. And here is the reason: For almost half a century this store has had the implicit faith of thousands of people. They know that anything bought at McManus Bros. is honestly represented and honestly priced; that it embodies service as well as style and quality; that if for any reason at all the merchandise should not make good, McManus Bros. will.

What we want to do, then, is to bring about your introduction to McManus Bros. earlier than perhaps might be effected in the natural trend of events. So we have made it highly interesting. We have priced these twenty-five items at such figures that you will simply HAVE to investigate them.

Every one of them is sold for what it costs us to buy the merchandise and deliver it to your door. The loss of profit is willingly taken because we know that once you have acquainted yourself with McManus Bros. and discovered what an unusual store it is, it will be the one place you will ever consider for furniture—now and in the future.

These prices will be withdrawn October 19

The Old Manse

Richard Henry Dana Jr.

This is a story about the life of a man named John Alden, who settled in Plymouth, Massachusetts, in the late 17th century. The story is told from the perspective of a young man named Tom Chaffee, who visits the Old Manse, the house where Alden lived.

The house is filled with memories of the past, and Tom is struck by the old-fashioned way of life. He observes that the inhabitants of the house live a simple life, with little time for leisure activities.

Tom is also fascinated by the history of the place, and he learns about the struggles of the early American settlers. He is especially impressed by the determination of the pioneers, who had to overcome many obstacles to build a new life in a new land.

As Tom explores the Old Manse, he begins to understand the importance of the past, and he realizes that the lessons of history can guide us as we face the challenges of the present.

End of story.
