New Cotton Textile Code Affects Lioniadl Plant

Local Cotton Concern May Have To Adjust Hours. Wage Scale Higher Than Code.

The Lioniadl Spinners, Inc., and the print works, principal local cotton textile plants, have agreed to a new code that provides for a wage scale of $1.25 per hour for a 40 hour week, with an additional 25 cents for each hour of overtime. The new code, which will be effective starting next week, will affect the hours and wages of employees at the two plants. The code also provides for a minimum wage of $1.00 per hour for workers under 21 years of age. The Lioniadl Spinners will continue to pay the same wages as the print works.

The new code is expected to benefit workers in the industry. It will provide a higher wage scale, which will improve their living standards. It will also provide for a minimum wage for younger workers, which will protect them from exploitation.

The Lioniadl Spinners and the print works have agreed to continue to operate under the new code. They will work closely with the workers to ensure that the new code is implemented effectively.

Right or Wrong

What will it cost the localospa to install sewer in the Borough of Rockaway? By William H. Moore.

The Rockaway Record asked this question to those who have been responsible for the selection of the chief in the department for two years. Mr. Moore is concerned that the work will get underway with a fine camp has been built.

The Rockaway Record interviewed Mr. Moore to find out about the cost of installing sewer in the borough. He said that the work will cost $200,000 to do sewer in the borough.

Mr. Moore explained that the cost includes the installation of sewer pipes and the construction of sewer connections. He said that the work will be done in phases, with each phase costing $50,000.

Mr. Moore also said that the work will be done by a contractor who will be selected through a bidding process. He said that the contractor will be responsible for all aspects of the work, including the design, installation, and testing of the sewer system.

Many Citizens Favor Installing Sewer Lines

Public Sentiment Appears To Favor The Elimination Of Unsanitary Conditions.

"What do you think of the proposal to install sewer in the Borough of Rockaway?" asked the Rockaway Record.

"I would think it's a good idea," said Mr. Moore. "With the recent increase in population, the need for sewer is more pressing than ever."

Mr. Moore went on to say that he believes the cost of installing sewer in the borough is justified by the benefits it will bring. He said that the sewer will improve the health and safety of the residents, and that it will also increase the value of their homes.

Mr. Moore said that he is confident that the work will be done in a timely manner, and that it will be done in a manner that is consistent with the best practices of the industry.

Signs for Rockaway at Highway Intersection

Through the efforts of the Highway Intersec- tion Committee, signs for Rockaway at Highway Intersection are being installed. The signs will be visible from both directions, and will provide important information for drivers.

The signs will include the name of the town, the name of the main street, and the number of the highway. They will also include the distance to the nearest town and the nearest emergency services.

The signs will be installed on both sides of the highway, and will be visible from a distance of at least 500 feet. They will be made of metal and will be painted in bright colors to ensure visibility.

The cost of the signs will be $500, which will be borne by the community. The signs will be installed over the next few weeks, and will be completed in time for the summer travel season.

Committee Confers With Gov. Moore.

Gov. Moore will be in Washington to confer with the Rockaway Record on Tuesday evening. The Governor will be providing updates on the progress of the state's initiatives, including the installation of sewer in the borough of Rockaway.

Mr. Moore will meet with the Governor to discuss the installation of sewer in the borough. He will provide updates on the progress of the project, and will answer any questions that the Governor may have.

Richard Burrows Observes Birthday

President Resident of Union County House.”

Richard Burrows, president of the Union County House, celebrated his 50th birthday on Tuesday. The event was attended by numerous local officials and community leaders.

Burrows is a long-time member of the Union County House and has served as its president for the past decade. He is widely respected for his leadership and commitment to the community.

Mr. Burrows was presented with a plaque and a gift by the local officials and community leaders. He expressed his gratitude for their support and said that he is looking forward to continuing his service to the community.

Mr. Burrows is the son of the late Richard Burrows, who was also a prominent member of the Union County House.

School Authority Bids on the New School Building.

The Rockaway Record is reporting that negotiations are now being carried out between the Rockaway Record and the Rockaway Fire Department to plan the construction of a new school building. The negotiations are expected to be completed within the next few weeks.

The Rockaway Record is working closely with the Rockaway Fire Department to ensure that the new school building meets all of the requirements of the community.

The Rockaway Record is also working with the local officials and community leaders to ensure that the new school building is affordable and accessible to all members of the community.

Richard Burrows proposed the building of a new school building in 1994. He said that the new school building will provide a safer and more efficient learning environment for the children of the community.

Mr. Burrows is a former member of the Rockaway Fire Department and has served as its president for the past 20 years. He is widely respected for his leadership and commitment to the community.

Mr. Burrows said that the new school building will be built on the same site as the current school building.

Richard Burrows has been a long-time member of the Rockaway Fire Department and has served as its president for the past 20 years. He is widely respected for his leadership and commitment to the community.

STEEL ALONE IS NOT ENOUGH

—neither strong enough, nor safe enough, nor quiet enough for the body of a quality car like CHEVROLET

Why is it that every 11-cylinder and 14-cylinder car in America has steel reinforced hood? Why is it that every make of car selling for over $4,000 uses bodies of such a type? Why? For the same reason that Chevrolet uses it exclusively, and refuses to resort to anything else. Because every test and experiment has repeatedly and definitely proved: STEEL ALONE IS NOT ENOUGH. Neither as strong, nor as safe, nor as quiet as a body of steel plus hardwood.

The trouble with steel alone is that it stands just so much shock and punishment. Steel alone is also inferior to lumber and hardwood. Steel simply can't do it alone; it can't do the job. The trouble with steel alone is that it stands just so much shock and punishment. Steel alone is inferior to lumber and hardwood. Steel simply can't do it alone; it can't do the job. Free Line of Harness for Purchaseable Puppies

A very opportunity to purchase a quality of quality at a reasonable price. At the present time the company is disposing of a line of harness for purchaseable puppies. The harness is made of fine leather and brass fittings. It is available in a variety of sizes and colors. We, at Avrick's, have received our second order of this line of harness and it is expected to be available in our store within the next two weeks.

A little more about me

Over the past few years, I have been traveling extensively throughout the United States and have had the opportunity to visit many different cities. I have found that the people in each city have different personalities and ways of life, which is fascinating. I have always enjoyed meeting new people and learning about their cultures.

I am currently working on a new book about my travels and hope to have it published soon. In the meantime, I am still traveling and exploring new places. If you have any suggestions for places I should visit, please feel free to let me know.

Thank you for your interest in my travels. I look forward to hearing from you.

Sincerely, [Your Name]
Andrew Klahn is raising moving the green fish in the gold fish tank.

In today's paper there appears an advertisement for 'Girls Wanted'. There are a great number of interesting girls in this community who want to work in the capacity of hostess. In order to find out which of them have the qualifications for this position, we have decided to give a series of contests to determine the winner. The contests will be held in the Town Hall on July 18th, beginning at 8:00 P.M. The winner will be chosen by a panel of judges who will select the girl who shows the most promise in this capacity.

A group of young people will be present at the contest, and we encourage all girls who believe they have what it takes to come and participate. The winner will receive a prize and the opportunity to work as hostess at various social events in the town. We hope to have a large turnout of girls and encourage everyone to attend and support the contestants.

We look forward to seeing you all at the contest on July 18th and wish the girls good luck in their efforts. Let's make this a true pageant of talent and skill!
