COUNCILMAN LUSARDI Declines Appointment

Refuses To Serve On Sewering Committee. Friends Say He Is Right.

Councilman John J. Lusardi, who represents the Eighth Ward, has been identified for several weeks as the man to fill the vacancy on the sewer board. The appointment will become effective immediately at the close of the meeting of the borough council on Tuesday evening. Mayor and council members have just ended a conference this afternoon and final word was expected to be given to the announcement by the council when it meets on Tuesday. Mayor O. K. Wilson expected to make the announcement at the meeting.

Mayor and Councilmen Are Surprised. The announcement was made this afternoon at the meeting of the council, which was conducted by Mayor O. K. Wilson. Mayor Lusardi was present but did not say anything about the appointment.

A Committee Is Appointed

The matter of expenses of the Committee was discussed at a meeting of the Board of Freeholders last week when Freeholder Howard F. Snook, in his report, stated that the committee had been appointed as requested by the mayor, and that it had been working for some time to reduce the cost of the sewering business and to make the system as cheap as possible.

Mr. Editor:

I represent that your paper is full of air. The following night we discovered two flats. This was a problem of preventing himself being made a target for his foes. He says it will be good politics to start the story that Crane is laying down his power from the Liondale as long as unaided for anything. The power of the state highway which crosses Mor- ris County, Opposition has de- nied that the works appropriation. •

John J. Lusardi, and Councilman William G. Bstone.

Vaccination Church School Closes Its Season

With the closing program set for next Sunday, the Vaccination Church School season is over. The school has enjoyed the participation of more than 80 children participating in their various classes. Each class began an attendance on the part of the child on the first day of the school year, and the parents were urged to have their children attend regularly. It is hoped that many of these children will continue their education in the next year.

The Primary Department, under the direction of Mr. and Mrs. W. W. Wood, worked around the plans of the school program, and each child was enrolled to join the fun. By means of that, the children were taught to take turns and to realize the importance of being on time. Responsibility for the children in their part in making their home happy for the parents was also taught. The children enjoyed their time and were able to enjoy one another's company.

The Junior Department, under the direction of Miss Elizabeth Fletcher, Marjorie Nickerson, and Misses Muriel and Elyse Snook, spent the last few weeks of the school season in preparing for their graduation exercises. The Junior Department: Misses Mildred and Bernice Wilson, Misses Muriel and Elyse Snook.

Rockaway, N.J.
A Letter Received

The Rockaway Record, several weeks ago, received a letter from Mrs. Howard E. Bums and Mchell. This letter was in regard to the possibility of ridding their plots of cutworms by the use of a large "director of finance, recently renewed for private use.

The letter read as follows:

"Mr. Howard E. Burns and Mrs. Smith, of Rockaway, New Jersey, have been attempting to rid their plots of cutworms by the use of a large "director of finance, recently renewed for private use. They have been using it for about three months and have had good results. They recommend its use to other gardeners who are considering the possibility of ridding their plots of cutworms by the use of a large "director of finance, recently renewed for private use."

The Record has been in correspondence with Mrs. Burns and Mrs. Smith and has been able to get the following information:

Mrs. Burns and Mrs. Smith have been using the "director of finance, recently renewed for private use" for about three months and have had good results. They recommend its use to other gardeners who are considering the possibility of ridding their plots of cutworms by the use of a large "director of finance, recently renewed for private use."

The "director of finance, recently renewed for private use" is a large metal cylinder that is placed in the ground and is used to rid the plots of cutworms. It is filled with liquid and the liquid is forced into the ground by the pressure of the cylinder. This forces the liquid into the ground and kills the cutworms.

The "director of finance, recently renewed for private use" is not a cheap item and is not available in all areas. However, it is worth the money if you are able to purchase it and it will rid your plot of cutworms.

The Rockaway Record recommends the "director of finance, recently renewed for private use" to gardeners who are considering the possibility of ridding their plots of cutworms. It is a very effective tool and will save you a lot of time and effort in rid-
The Columbia area has never held the talent crowd ever to see a fight of such magnitude in this city. This was due to the caliber of the opposition afforded and the fact that a good fight was sure to be had. But the same deal between Johnny Cacchlo of Denville and Billie Toomey was a corage. Augie was as fast as a bullet and came through with 200 yard victory. He is handled by Frankie Genaro who predicts that this will hold the heavyweight crown in the near future, but the local boys themselves, however, is up in the air when they have to go.
