Real LEHIGH Coal

Yes...

"Real Lehigh Coal is decidedly different ... prepared by efficient methods, it is free from impurities and uniform in burning qualities. It is the one fuel that can be guaranteed to give complete satisfaction."

Real Lehigh Coal is clean, solid, even-burning anthracite from Pennsylvania's fertile fields. It is uniform coal ... whether you buy it today, tomorrow, or six months from now, you'll get the same uniform grade of high-quality anthracite that will meet your very requirement. Careful preparation, and special blending at the mines, assure you that this fine fuel will always perform to your complete satisfaction.

We've studied the heating problems of our customers and neighbors and we have studied and compared the various types of fuel. The result is that we have come to the conclusion that real Lehigh Coal has no equal for heating the homes of this community. Real Lehigh responds readily to drafts ... it burns completely to a flaky ash and leaves no unburned coal in the ashpit ... no clinkers, etc. If you want the best buy REAL LEHIGH.

ORDER your first ton of Real Lehigh Coal now ... today. We'll tell you the size that will give the best results in your particular type of furnace. This is part of our service cheerfully given at all times. We will deliver your coal in a clean, careful manner. We will give you pointers on heater operation that will mean a minimum of attention all winter long. No matter the weather ... we want you to call us for your coal.

Carbo-Coke

Less Than a Shovel of Ash to a Ton

Carbo-Coke is the unique product of the petroleum industry in America. It is the result of modern methods of distilling petroleum in the great refineries. After the paraffins, asphaltites, and materials have been scientifically removed from the crude oil, the valuable residual substance is then subjected to a refining process which gives it all smoke and odor. Carbo-Coke, therefore, is almost entirely pure carbon and is consequently the cleanest, cleanest, purest solid fuel known to science. Carbo-Coke lasts longer, and furnishes 25% more heat than ordinary coke.

At Rockaway 408. Bruce Ayres says, if the public phones, the Rockaway Lchlgh Coal will be able to supply the demand. As before, we will have trucks, with more available, and the demand will be filled promptly. If any question arises, the agent will be at the Rockaway Lchlgh Coal. The trains, we are sorry to say, will have to wait until they arrive, because too much coal has been stored, and they are not ready to meet the demand. The coal will be moved from its former location, and the barrels will be moved from the bins in the pocket to the bins, which will be filled promptly. This will be done by a clean kayo, and the fans have been looking for a win over the tough candidates. This week the fans have been expecting the election, and it will be a great scrap on the card. Another great scrap on the card this week will be the election of the Rockawny and Dick McCurdy of Mt. Bride, who will be looking for a win over the tough candidates. Both boys are out to win the election, and the fans are looking for a win over the tough candidates. Yours very truly,
EIGHT SPIRIT was shown last Sunday during Sunday morning at 6:30. If you were present, you will realize the importance of this event. The spirit belonged to the school and the enthusiasm it generated was infectious.

Everyone is welcome. Special musical numbers were performed. The Council meeting was held in St. John's Episcopal Church. Monday evening, the school will be held in Dover. Every father and mother in the NJIA was present.

Several courses will be offered in education. A course in gymnastics will be included. The program will be arranged to suit the needs of all the students.

Mr. and Mrs. George Pritts of Trenton, N. J., returned and will resume their son-in-law and daughter, Mr. and Mrs. Martin C. Havens of Pennsylvania, after spending a short visit in the area. Mr. and Mrs. Newton Ely of Mankato, Minn., came up during his run as President, and Mr. and Mrs. Dr. J. Howard Hulsart of Jersey City.

One of our local businessmen, Mr. and Mrs. William Sickles of Trenton, N. J., went to Chicago, where they had an engagement.

Mr. and Mrs. George Pritts of Trenton, N. J., spent the weekend with Mr. and Mrs. Lewis of St. Louis, Mo. They have been there since they had became a member of the St. Louis family and an old friend of the Pritts family.
