Oswald continued, "If you would like to join us, you can do so by responding to the call for salvation. If you have never been saved, you can call out to the Lord and ask Him to come into your heart and save you. If you are already a believer, we encourage you to join our live stream. Please note that our live stream will not be available until 10:30 a.m. on Sunday, March 28th. We will have a special presentation by some of our local ministry leaders. We hope you can join us, and if not, please continue to pray for our church."

POLL TACKS

In a local election, 50% of the voters supported the proposal to increase property taxes. However, 70% of the voters opposed the proposal. The election results indicate

that the community is divided on the issue.

The local newspaper has reported that the election results could have significant implications for the future of the community. The local government will have to

consider the implications of the election results and make decisions that will impact the community.

Sincerely,
